

Dear Prof. Jie Du,

On behalf of the organizing committee, we are pleased to invite you to attend the 5th International Biomaterials Symposium (IBS 2018) which will be held Aug 25 – 26, 2018, in Changchun, China. Registration is on Aug 24.

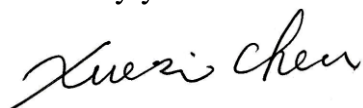

This symposium is a continuation of the previous International symposiums on Biomaterials that were held during our A3 (China-Japan-Korea) foresight project, and is organized by the Changchun Institute of Applied Chemistry (CIAC) under the sponsorship of the National Natural Science Foundation of China (NSFC), Chinese Academy of Sciences (CAS), and Changchun Institute of Applied Chemistry, CAS. The symposium will include about 70 plenary, invited, and oral lectures. The main scientific topics of the symposium include "Biodegradable Polymers, Functional Polymers, Drug Delivery Systems, Non-viral Gene Carriers, Nanomaterials for Immunotherapy, Bioactive Materials for Regenerative Medicine, as well as Nanotechnologies for Cancer Diagnosis and Therapy". The detailed information can be found at <http://ibs2018.csp.escience.cn>.

As the chairmen, we are greatly honored to make efforts to build it as a fruitful platform for academic exchange for biomaterials scientists from all over the world.

We extend the warmest welcome to all of you, and wish you an enjoyable, productive and enlightening symposium.

We are looking forward to meeting you in Changchun!

Sincerely yours

Xuesi Chen

Chairman of IBS 2018

Professor, Changchun Institute of Applied Chemistry, China

Hiroyuki Nishide

Chairman of IBS 2018

Professor, Waseda University, Japan

Doo Sung Lee

Chairman of IBS 2018

Professor, Sungkyunkwan University, Korea
